What is Duress Disarming?

Duress disarming - If you are ever coerced into disarming your system, you can comply with the intruders wishes while sending a silent duress alarm to the Central Station or Follow Me numbers. To do so, you must use a special duress code, which when used, will disarm the system in the regular manner, while simultaneously transmitting the duress alarm.

To use a duress code, add 1 to the last digit of your user code, as shown in the table below:

User Code (Duress Code)

1-2-3-4 (1-2-3-5)

5-6-7-8 (5-6-7-9)

6-7-8-9 (6-7-8-0)

IMPORTANT: Under no circumstances must the duress code be used haphazardly or without reason. Central Stations, along with Police Departments, treat duress codes very seriously and take immediate action
